A vertical strip of aged, yellowed paper, likely a page from a book or document. The paper shows significant signs of wear, including a large diagonal crease and several tears. Faint handwritten text is visible on the right side, including the year '1897' and '1898'. The paper is set against a dark background.

Road Committee

Respectfully Call, Dr. J. H. Hughes
 Clerk of the Committee, Road

Pl^d said Mr Campbell has been
 for some time of looking at the subject
 of ^{managing} the road very good and no
 doubt of being able to make good
 roads.

Mr Campbell wanted to make
 statement - Russell & Co. at 1000
 with request to allow cash in on
 January - Have at 700 successfully
 kept through - now 100 in consultation
 to - Being here but find that we have
 any length of time of the chosen life
 to be sold out most by - There is an
 not equipped with a plan of action
 approved done & not as completely
 not wished to be responsible

He found road & heavy rock - grade
should be as uniform as possible - excavate
24' wide - "Lead" over to grade & from
boulevard - it is supposed to be on
outside of Recs. Bottom of excavation
to be thoroughly rolled. This heavy weight
Account One to have stone & in the
valuable to cover up diff. size.

When dust first on it is flushed
with water & carried into interior.
If no roller used, stone put on heavily -
longform made out. If no roller better
to scrape out mud & put in dry earth.
If don't provide ^{proper} implements cannot
make good roads. Think can get on
without Crushers as can be made by
hand; but must have roller.

What sort of roller - 5 or 6 ton better
than none - Steam or 15 ton is most
economical. Heavy roller one of
best investments Town can make -
Here have \$2500 to \$3000 for 15 ton
Steam Roller. Cost grade 500 ft 100' 00"
Covering 5' heavy foot. The heavy
Crusher very fine for road.

1 ^{Crusher} ^{making} ^{from} ^{stone} ^{with} ^{the}
view of ^{improving} ^{the} ^{road} ^{with} ^{the}
Can recommend to purchase of ^{Roller} ^{and} ^{Crusher} at best terms

Councillor Alfie, Ch^m, Mayor Mulhem,
Deputy Reeve Campbell, Reeve Lalonde.

Meeting called to discuss action to
be taken as Cornwall Electric St. Railway
refused to give a ~~verb~~ written guarantee
that, for the future, they would not operate
their railway on Sundays for the carrying
of excursions or otherwise.

Full discussion took place.

Moved by Dy. Reeve Campbell, Seconded
by Reeve Lalonde: That in view of the fact
that the cost of an injunction will not
exceed \$100⁰⁰, and owing to the explicit
resolution unanimously adopted by
Council, we instruct Mr. Zeigler to take
the necessary steps to secure the injunction
prohibiting the Cor. Elect. St. Railway Co. operating
their railway on Sundays.

Carried, the Mayor dissenting. 30

Greenwood, & Harmon.

James Litch Esq & J. H. Higgins Esq. also present.

Appeal of J. Litch made - represented by
J. H. Higgins - who said he claimed the
presumption under Town Ordinance which
extended 125 ft on 2nd Street, but not beyond
125 ft except where agreeable as J. Litch
on one side and 125 ft wall on other.

Mr. Litch said he had changed his
mind. It was not his intention to
build Improvement beyond 125 ft
only apply to 125 ft - but he
wished to see City. There was no law for
building side wall under Town Ordinance.

Resignation of Wiggins Sept 15 read.
Wiggins wishes contract expired Sept 15. Has
other work on hand he wishes to do. Council
made changes without consulting him.

Wishes to be relieved as soon as possible.

That he would not have another work.

He is his Assistant on work every day.

"Satisfied Corp" will not have to pay
extra when transported on the road. The
specification calls for 30 or 40 being it to fall.

One said before that the
work to remain until work completed
and he to receive a certain sum for it.

Reverend Campbell came and took seat.

Reverend Campbell Wiggins agreed
to furnish work whether it took 2 or 3 months
or longer.

Wiggins admitted the estimate of
time in his offer was not conclusive.

Charges in Const. for Lalonde

7^{20th} Dec
3 1900
Oct 2. 1899

Comm. Haid, Ch^m; Messrs. Affine, Dy P. Verovich and
Comm. Brown, Little, Macd, Dutings.

Joseph J. Hamilton notified to be present as he had
examined Joseph Hickey, the person who alleged he was
ill used and kicked while in the cells by Const. Lalonde.

Ch^m explained object of meeting.

Comm. Macd took seat.

Joseph Hickey says Constable Lalonde
kicked him on side of face and in the
throat on that Thursday night - I was
in the cells. I had let's suppose 4
little yells on the street. I had been drinking
a little - My throat was swell - I wanted
Lalonde to send for Dr. Affine or Dr. Hamilton
but he would not. Dr. Thompson sent
for Dr. Hamilton. Lalonde came at
five o'clock in morning and wanted
me to go home. I was sore and could
not go. He said if I did not go then
I would have to stay until I was
all over. Lalonde told me he would
kick the damned shit out of me.

X R. Constable Lalonde

I was arrested on Tuesday and
Wednesday night. I think I was arrested
near that Post Office.

Constable Lalonde said on Tuesday
night I arrested Joe Hickey near Bailey's
store for getting on the street. I had not
much trouble in bringing him up until he
reached the door. I then dragged him
in and as the window was difficult
to get I got close the wooden door

He got tangled in the way of my
closing the door so I braced
them aside with my feet. I should
state I did not strike or threaten
I had not my Club in my hand
at all while I was arresting him.

St. C. Hamilton is on last
Thursday's morning I was telephoned
to that a man wanted to see
me in the Cell. When I came
up I saw Joseph Kibbey. He said
he had been choked & choked by
the Policeman. He was beaten but I
could not see any marks. He
had a mark on his forehead and
that he was sore all over. He said
he was kicked in the neck as he was
stepping down and that caused
the hoarseness.

Henry H. Quinn says: I find
Joseph Kibbey on Wednesday night at
Corner 3rd St. & Ave. Constable Lalonde
was taking him to the Cell. A
Constable Lalonde took him to
home and he said he was
not after walking a short distance
stopped. He was then taken to
the Cell. At the door Kibbey
refused to come in and Lalonde
drove him in to the Cell soon
He refused to get in the Cell and
Lalonde shoved him in. The Cell door

would not that so Lalonde closed his legs
up aside with his foot and shut the door
door. He called Lalonde a son of a bitch
and if he would let him out he would
fight him. Lalonde said he did not like
to come in with the window door
only closed to. When Kirkley offered
to fight Lalonde opened the door,
punched Kirkley back then shut the door
and then closed the window door.
Confronted Lalonde said he did not
want to strike Kirkley at all. I was
present for some time before Kirkley
was wanted at 3 o'clock until another
Lalonde left the hall. Kirkley was
very drunk. It was about eleven
o'clock at night. Kirkley yelled a great
deal - enough to make him hear.

Baron & Geller That arrested
Lalonde to be arrested as the charge
made has not been substantiated. With
Kirkley, the Complainant evidently was
drunk, indeed a state of
intoxication that he was not
aware of what actually took place.

by your Board and the Council of the Town, need not refer further to this subject further than to say that, in February last, I received a Com from the Secy of the Prov. Bd of Health thanking you and the Mayor and Council for their prompt action in dealing with the outbreak.

A further step in the right direction has been taken ~~has been taken~~ in the compulsory inspection of all cows supplying milk ~~for sale~~ for sale in the Municipality. Since the by-law making such inspection compulsory was enacted on 24th July last, some 181 cows belonging to some 65 different owners have been inspected and pronounced healthy.

Up to date the number of deaths registered in the Town for this year is 128, of which 12 were due to the ravages of Consumption, 4 to Diphtheria, 2 to Typhoid Fever and 1 to Appendicitis, while 6 were ascribed to old age. Of these latter the maximum age was 92 years, and the average was 81 years and 9 months.

All of which is respectfully submitted
Geo J. Jarvis
Secretary

I believe the suggestions that have been made
if they be adopted will be that they be

Solicitor James Leitch

Mr. D. Smith (intermediary) has recently effected a
settlement on lines of order of. The settlement
has required a sum of \$100,000.00 to be paid above work.

This covers everything - will be paid in full
Com. Mich. has set at.

To Messrs. & Council

When Com. appointed to confer with
the Water Board as to the terms of a
settlement could be arrived at now
report that matters have reached
such a stage, that your Committee
require your authority to make
a formal offer to the Bd. As you
Chair of Com. practically a majority
of Council they express the hope
that you will have sufficient confidence
in them to grant them their authority
and that thus a matter of such
great importance and of this has
for so long a time caused such
great anxiety may be finally
disposed of

Carried

The Chairman read the letter of Feb. 14th 1900
received from W. J. L. McKay of Orangeville, also one
of Feb. 15th received from him, as to Winchester not
being altogether satisfactory. He also read a
letter dated Feb. 18th received from Mr McKay
giving information as to number of hogs they would
require weekly, the amount of capital they would
invest &c &c, and stating that Winchester offered
a bonus of \$10000.00 for a plant that would
handle 1000 hogs per week.

They wanted from as \$20000.00, and would
handle 2000 hogs per week. The working capital
should be from \$10000.00 to \$25000.00. While 40 men
could handle 1000 hogs weekly, 55 or 60 men could
handle 2000 in the same time. They would require
4 acres of land convenient to both railways.

Transcribed from notes taken by J. C. Alquire, Secretary.

re Pork Packing Industry Cont'd

The Mayor remarked that the location would be outside the town and of much importance to the farmers.

H. Copeland asked if they would require a guarantee that we should furnish 2000 hogs weekly, and was told that seemingly this was not the case.

D.B. Wheman believes the supply would increase rapidly. The Junction would be a favorable place; but the farmers would not necessarily come into town.

H. Copeland thinks they could come nearer the town than the Junction, and considers the proposal a very fine one.

James Grover on, or near, the Grand Trunk Railway would be satisfactory.

Mr. Goulds thinks that the Townships would not be favourable to a liberal bonus.

H. Copeland — Have you any definite proposal as to the proportions of the townships?

D.B. Wheman. — The Market is England where the price is regulated.

Mayor Campbell suggests a bonus of \$12,000 and a supply of 1000 hogs weekly.

It was stated the Winchester had not voted on granting a bonus.

D.B. Wheman suggested the following Schedule of bonuses to be granted, viz:

c
192

Cornwall Town	\$7000.	Cornwall Township	\$6000.	} \$20000.00
Penabuck	\$2500.	Charlottesville	\$2500.	

Mayor Campbell suggested the following
Schedule for a \$2000⁰⁰ bonus:

Cornwall Town	\$5000.	Cornwall Township	\$4000.	} \$20000.00
Penabuck	\$1500.	Charlottesville	\$1500.	

Mr Groves remarked that the people would
say that Penabuck would receive as much benefit
as Cornwall township.

It was finally decided to leave the matter
over until next Wednesday.

Mr. Weston said he thought Council
was acting in the best interest of the Town.
The opinions expressed were not those of the
Citizens generally, but of Council. He would
rejoice to consult with the gentlemen in
whose interests he came here before he could
give a decided answer, as there was so
great a difference between the terms
first mentioned and those now offered.
He would write Council on subject in course
of about a few days. He was very favorably
impressed with the Town's location and
shipping facilities. He had expressed
statements were made as to the supply of
hops, he wished to get returns from the
railroad as to local shipments and so
get reliable information.

Council Office

In sight of Charkham is could accomplish
what we expect. Started 1/2 for 100 days. Started
out 10000 a day - not a bell broken nor
any latch. Run works for 10 years & for last
year & has made 12 per day. Dintion but 2
has built up of his advice - local into debt
Built his own work with his own - Took
for small space & started with only 5000 per
day - It's not got more space. Mr. Walker
after better order copies him to go there - He went
on 10000 - nearly doubled in 3 years - better
dint - sold works - He approved - but not accepted
so he retired. Believes this 2nd to be better industry
than the first one.

D. H. Bonnell (Barley) This is understood here
entered town here for years - Has handled wagons
of every make - Has dealt with Milner & Co
for 7 or 8 years - All satisfactory. Very glad one
like this coming to town - He deals in 12 con-
fess on each wagon - 3 1/2 - Single & a pair
Ottawa - 11 1/2 ft. If can get them here as
reasonable figures willing to take stock - It's
31 wagons in town last year. Will guarantee
to handle 100 of these 3/4 active wagons.

When we read proposed agreement.
In reply to Milner said Bulkin was 40-4400-
20000 in 11 form. Equivalents for 15000 or 12000.
Machinery 15000. Expect to reduce this by 5000.

to extend 40,000 - Increased patronage -
Paid for gas & gas revenue - Their
charges for BCP - 50¢ per lamp for 1st 1/2 day
per month - over that 35¢ each. If it
could have 50¢ per month wd be a
further reduction.

Their Gas more than other - Now
costs 1²⁵ per m. to manufacture where it
it only cost 70¢ - This owing to bad condition of
plant. They sell for heating at 1²⁵ per m & for

To Messrs. Committee on Education

Your Committee have
investigated the matter of drawing
a lamp of design of Mr. Little
and I have the report that they
found the expense of furthering in
the lamp is becoming heavy
- nearly \$200. The Committee
I think will not feel this

the cost of using so - as there
is no other way of making it possible
to make a pair.

Your Committee therefore

 Electric lighting of Town.

Chairman said Mr. Hetchesob had prepared 3 sets of Plans & Specifications for the Electric lighting of the Town, viz:
 (A) A system of all Arc lights, (B) part Arc and part Incandescent, and (C) all Incandescent each lamp being of 32 Candle power.

After examination and discussion, it was thought best a clause should be inserted in the Specifications providing for testing the lamps so as to be sure they were always giving the light intended.
